CRESTSTREET KETTLES HILL WINDPOWER LP ANNOUNCES FINAL DISTRIBUTION TO UNITHOLDERS

CALGARY (July 4, 2008) – Creststreet Kettles Hill Windpower LP (the “Partnership”) announced that it will distribute the remaining net assets of the Partnership to unitholders on July 7, 2008. Unitholders will receive an amount equal to \$9.00 per unit on the distribution of the Partnership’s net assets.

These payments to securityholders follow the sale to ENMAX Green Power Inc. of the shares of Kettles Hill Wind Energy Inc. (“KHWEI”) for \$123.36 million plus the assumption of debt. KHWEI owns 100% of the Kettles Hill Wind Project (36MW) located in southern Alberta. The redemption and distribution to unitholders are in accordance with the extraordinary resolution approved by unitholders, at meeting of these unitholders held on May 23, 2008, in connection with the sale.

Robert Toole, President and Chief Executive Officer of Creststreet Kettles Hill Windpower General Partner Limited, the General Partner of the Partnership, commented, “With the distribution and wind-up of the Partnership, this brings to a close Creststreet’s direct participation in the Canadian windpower industry. We established an early leadership position in this exciting sector in Canada and achieved many firsts along the way, for which everyone involved should be very proud. I would like to thank all those who contributed to the success Creststreet achieved over the years in the windpower sector, including our investors, partners, suppliers, contractors, municipal, provincial and federal government agencies and finally our employees, officers and directors”.
